

INDUSTRIAL SERVICES

- Plant Maintenance
- Process Pipe Fabrication, Installation, and Commissioning
- Structural Steel Fabrication, installation, and testing
- Millwrights, foundation installation, and equipment alignment
- Modular Fabrication, heavy lift, transportation, installation
- Mechanical, electrical, hydraulic, and controls repair and installation
- Civil Erection and mechanical integration
- Design, Engineering, and Planning
- Shutdowns (Planning & Execution)
- Specialty Welding Services (ABS, DNV, API, Stainless, etc)
- Fabrication with Deepwater Dockside Access
- Specialty Fabrication
- Equipment Fabrication/Erection
- Heavy Hauling & Rigging Services
- Sandblasting & Painting (Galvanizing)
- Metal Building assembly
- Architectural siding installation
- Offsite and in plant Blast and Paint Services
- Underground Piping
- Plant demobilization and relocation Services

Offshore Inland is able to provide Structural Steel (Fabrication and Erection), Mechanical, Piping (Fabrication and Erection), Module Fabrication, Electrical, Hydraulic, Instrumentation, Blasting, Painting, Rigging and heavylift Services, and Scaffolding. Clients benefit from 25 years of experience in the industrial and commercial industries.

Capabilities

Locations

Offshore inland has fabrication service centers with dockside access in six locations around the world including the following:

Pensacola, FL, Mobile, AL, New Iberia, LA, Galveston, TX, Dos Bocas, MX, and Limbe, Cameroon. Backed by a highly experienced team with excellent HSE, engineering, Quality, Production as well as state of the art equipment and management systems.

INDUSTRIAL OVERVIEW

Offshore inland has fabrication service centers lead by our highly skilled Quality Assurance team on staff to maintain quality and integrity. Welding procedures are in place and maintained. Offshore Inland can fabricate steel, pipe, and other miscellaneous equipment to your specification from carbon steel, stainless steel, or any other exotic alloy. Some of our component fabrication includes:
(See standard Fab list in our sales literature.)

Focused Industries

- Power plants
- Paper mills
- Pulp and paper plants
- Petrochemical plants
- Gas plants and refineries
- Bulk Handling facilities
- Steel Mills
- Oil Platforms and rigs
- Spool bases
- Coated pipe plants
- Jumpers & pipe lines

Summary of Services

- Fabrication
- Installation
- Maintenance
- Project Management
- Engineering and Design
- Upgrades
- Shutdowns and outages
- Component machining
- Flushing
- Blast and Painting
